

THE RED BOOK

MAGOTHY RIVER SAILING ASSOCIATION

2004 Racing/Cruising Yearbook

A Letter From The Commodore

Welcome to the **2004 Red Book**. The **Red Book** is the annual Magothy River Sailing Association (MRSA) planning document for all MRSA activities and contains the dates for the monthly membership meetings and information essential to the Racing, Cruising, and Junior Training Programs. Much of the information is also available on our website, <http://mrsa.sailnet.com>. The web site and the Old Man also have the latest information regarding MRSA activities, including race results.

Many volunteers are necessary to keep the organization running, and the key volunteers are identified in this book, with their contact information. We invite you to contact them with your ideas, help and questions. Our past 30 Commodores are listed, as we celebrate our 30th anniversary since our founding in 1974.

Schedule, instructions and forms for racing, junior training and the cruises are provided in the Red Book, along with a price list for the items available in the Ship's Store. The Red Book also contains the latest revision to the MRSA bylaws. We are currently revising and updating these, but the changes won't be formalized before publication. Last, but not least, the Red Book includes a membership roster and yacht name listing. Each member family receives one Red Book, but many choose to buy an extra copy to keep one reference in the house, and one for their boat.

We are continuing to improve our junior fleet, and over the last two years have purchased four Flying Juniors and another newer 420. We are planning to expand our junior training opportunities to include some racing events during the summer, beyond the sailing class.

The MRSA is a member of the Chesapeake Bay Yacht Racing Association, the Chesapeake Bay Yacht Clubs Association and Boat US. These memberships provide our members with reduced membership rates at Boat US, and reciprocal yacht club rights at CBYCA clubs.

The three initiatives we are working on this year are: increasing our membership, increasing existing member participation, and providing more opportunities for members with children. To that extent, I encourage all of you to bring at least one guest to an MRSA event. Further, we have provided space on our website for "classified ads" to allow members to look for crew and/or racing/cruising opportunities. We are planning more "kid-friendly" cruises and membership meetings.

The Magothy River, the Chesapeake Bay and MRSA are great for sailing. Let's capitalize on our location, and the friends in our association, and have a super 2004 sailing season. Hard to lee!

History and Traditions of the Magothy River Sailing Association

MRSA was organized in 1974 as a sailing club for sailors living on the Magothy River. It was the outgrowth of the El Toro Fleet 66 - a fleet of eight foot sailing/racing dinghies. In 1974 there were more sailors on the Magothy than could be accommodated by the two existing clubs, the Gibson Island Yacht Squadron and the Potapskut Sailing Association. To race in inter-club events sanctioned by the Chesapeake Bay Yacht Racing Association, membership in a CBYRA member club is required.

At the annual meeting of CBYRA in the Fall of 1974, MRSA became a provisional member club - and a full member club the following year. The requirements included demonstrating that MRSA had a racing program, a training program for Race Committees, and a Junior training program. Because it has no physical facilities, MRSA has an unlimited membership, open to all supporting its objectives.

Although organized primarily as a racing club, MRSA quickly attracted cruising sailors and has a large representation of those interested in racing, cruising, and day-sailing. Club members have taken an active part in community sailing programs such as Operation Sail in 1976. MRSA has a long history of training juniors and getting the support of adult members to help with the training. Annual race committee seminars have trained many race committee crews to conduct the races it sponsors. The Junior Training Program has followed the CBYRA format, and many MRSA juniors have attended CBYRA Fun Days with juniors from other sailing clubs. MRSA cruises have been organized each year by the Cruising Committee, which sponsors a Cruise Planning party early each year to plan the season's cruises. Early cruises were fairly short, but in recent years, cruises of Virginia's Rappahannock and Piankatank rivers and Cape May, NJ have been fun. Members volunteer to lead each cruise. They have helped new cruisers learn about rafting, anchoring, and cruising skills.

From the beginning, MRSA has sponsored Wednesday evening racing on the River – in cooperation with Gibson Island, Potapskut Sailing Association, and the Cape St. Claire Yacht Club. Because the majority of those racing Wednesday evenings are MRSA members, the club sponsors two of the five four-race series, the other clubs sponsoring one each.

The Magothy River Sailing Association is controlled by its membership through an elected Board of Governors. MRSA membership meetings have been held once a month, except in July and August, to conduct regular business and provide a social gathering. For detailed business and reports, the Board of Governors meets once a month year round. It has been a tradition of MRSA that any member may attend any Board meeting to discuss the activities of his or her committee or to discuss special business. The Board meets in the homes of members, and meetings last from 1900 to 2100. This helps eliminate long-windedness!

MRSA members have always been encouraged to join the committees representing their interests and to chair those committees. Traditionally, the club officers each year have been chosen from members who have been active on committees. MRSA members -- new, old, or prospective -- have always been invited to share, not only their enthusiasm for sailing, but also years of knowledge, and both racing and cruising experiences with all the other members.

Cruising Guidelines

Objectives of the MRSA Cruising Program

- Provide an opportunity to make new friendships and enhance old ones,
- Encourage families to attend cruises with their children by providing "kid-friendly" cruises such as land picnic cruises, canoeing, town/park accessible cruises, and anchoring out with water-oriented activities
- Expand our sailing background and knowledge through the sharing of ideas and experiences,
- Enable relatively inexperienced sailors to acquire additional skills and gain confidence through the observation, advice, and example of other sailors, and
- Enhance safety on the water by providing companion boats that can render assistance should the need arise.

Cruise Procedures

1. Cruise Leader Notification - Inform the Cruise Leader as soon as possible, if you plan to participate in a cruise. It is especially important to respond early if the cruise includes a restaurant or marina option. Notification is also necessary if you must cancel. It is not only a matter of courtesy, it is essential for planning purposes. By informing the Cruise Leader of your intentions, you are assured of being informed of last minute changes.

2. Schedule Changes - *The Red Book* cruising schedule is followed quite closely, but changes may occur and will be published in *The Old Man* and the **MRSA Home Page** when possible. Otherwise, Cruise Leader personally notifies those members who planned on attending the cruise.

3. VHF Communications - Cruise participants frequently communicate via VHF radio. Due to the volume of weekend radio traffic, it is often difficult to make contact with other cruise members on channel 16. Unless otherwise specified by the Cruise Leader, the preferred channel for contact is **71** at quarter past the hour and quarter to the hour. Observing this procedure permits the communications of vital information such as destination changes. Use this procedure to follow flotilla traffic. Be sure to relay messages for anyone who might be having difficulties.

4. MRSA Burgee - Throughout the cruise all boats on an MRSA cruise are encouraged to fly the MRSA Burgee from the masthead or from the starboard spreader.

5. Awards - A perpetual trophy will be given to the MRSA member earning the most points for cruise participation. Points are awarded as follows:

Cruises up to three days duration *	
Each day or partial day	1 Point
Each Night	1 Point
Cruise Leader **	10% of Total Points
Cruises of 4 to 9 days duration*	2 additional points
Cruises greater than 9 days in duration*	3 additional points

*Members crewing on another member's boat will receive points at 1/2 the rate of the owner

**Cruise Leaders earn extra points only if they fulfill all Cruise Leader Responsibilities

Bonus Points

Participation in 5 - 10 scheduled events	5 Points
Participation in 10 - 14 scheduled events	5 Additional Points
Participation in 15 or more scheduled events	5 Additional Points
Most cruises attended	2 Points

The primary aim of the point system is to encourage members to cruise as a group, thus points are awarded on the basis of the authorized schedule, with three exceptions.

- If you are forced to deviate from the schedule for reasons beyond control, e.g. engine or gear failure, shortage of fuel, or supplies, etc., notify the Cruise Leader. The Cruise Leader will determine if cruise points should be awarded for the periods the boat and its crew are absent from the scheduled cruise.
- Side trips or deviations to different destinations by two or more boats which leave the main group and then rejoin will be considered to be part of the MRSA cruise if plans have been coordinated in advance with the Cruise Leader. Daily radio communication with the Cruise Leader is encouraged under these circumstances.
- For all cruises exceeding 3 days - there must be 2 or more MRSA boats in attendance to earn points. The extended cruisers must register in advance with the Fleet Captain, Cruising and must complete all appropriate paperwork.

Other awards may be given as deemed appropriate by the Fleet Captain, Cruising

6. Rafting Procedures - MRSA's usual procedure during most overnight stops is to raft to allow socializing whenever weather permits. The following practices will facilitate safe and easy rafting.

- Display the MRSA Burgee
- Anchored boats desiring company shall display fenders on the appropriate side. Such boats should endeavor to select an anchorage that is adequate in depth, holding and swing space, for the boats they expect, and set an anchor with appropriate weight and scope.
- The yacht joining the raft should provide all lines to secure to the raft. It is customary to hand the eye-splice end of the line to the receiving yacht. The eye-splice is secured to the cleat on the receiving yacht and slack is adjusted on the yacht joining the raft.
- Bow, stern, and fore and aft spring lines shall be rigged to preclude spreader entanglements and to allow raft maneuvering under power if this becomes necessary. Always allow for mast sway from the wakes of powerboats.
- Moor so each boat outboard of the anchored boat is slightly aft of it. The raft should form a shallow "V" with the anchor boat at the apex of the "V" and the other boats slightly back. This makes the raft more stable if the wind or tide shift.
- Engines shall be kept ready for use.
- Normally, one anchor per raft will be used with adequate scope (at least 7:1) except when the size of the raft or the set of the wind/tide requires an additional anchor (determined by the raft leader).
- Approach the raft from the stern with lines ready. When leaving the raft, back away.

- Breakup of rafts for the night is expected. No raft left unattended should exceed three boats.
- Large rafts are desirable during social and daylight hours.
- More experienced members should be ready to assist and encourage rafting by newer members.
- A boat may depart from a raft earlier than boats outboard of it with relative ease. If you want to leave the raft, notify the raft leader and the skipper on either side of your boat. The proper procedure is to take in the stern lines and spring line on both sides of your boat, pass the bowline connecting the remaining boats under or in front of your bow. Then with people fending off on both sides, back slowly away from the raft.

Cruise Leader Responsibilities

1. Should always use good judgment to:
 - Arrive early, or arrange for one of the larger boats to arrive early to set the raft anchor.
 - Avoid blocking heavily used waterways
 - Break up rafts prior to anticipated severe weather
2. Shall provide full information about the cruise and its destination
 - Make appropriate marina and restaurant reservations
 - Answer questions concerning the cruise prior to departure
 - Change cruise destination, if appropriate, in the event of adverse weather and notify participants of the change
3. If a Cruise Leader is unable to carry out the scheduled cruise, he/she shall
 - Obtain a replacement, and
 - Notify the Fleet Captain, Cruising
4. Other duties before and after cruises include:
 - Filling out a Cruise Report listing all boats (and MRSA guests) attending the cruise and for how many days/nights each boat participated. Submit the report to the Fleet Captain, Cruising.
 - Preparing and sending to *The Old Man* Editor, an article on the cruise (may be delegated to any poetic participant). Two articles must be submitted; one for the month preceding the cruise and the second for the edition of the month in which the cruise is scheduled. The deadline for *The Old Man* article submittals is the 15th of month preceding the issue date.
 - Encouraging participants to document the activities with pictures and slides and provide slides for *The Old Man*, the MRSA home page, and the Winter Meeting slide show.

2004 Race Committee Schedule

The Race Committee Schedule will be posted on the MRSA Web Page (<http://mrsa.sailnet.com>) and in *The Old Man*.

General Sailing Instructions

These General Sailing Instructions govern all races held on the Magothy River except as modified by the Special Sailing Instructions for each regatta.

Rules

All racing on the Magothy River shall be governed by the Racing Rules of Sailing, the prescriptions of the United States Sailing Association, and the rules of the PHRF of the Chesapeake except as any of these are altered by these sailing instructions. All races are category A events as defined by USSA's *2001-2004 Racing Rules of Sailing*, Appendix G. All boats shall be in compliance with PHRF of the Chesapeake, Inc., Special Regulations Governing Minimum Equipment Accommodations Standards Category "5P" with the exclusion of a radar reflector and heavy weather jib. Boats racing in the non-spinnaker division shall hoist only one headsail at a time, except during sail changes.

Entries

A copy of your current PHRF certificate must be on file with the RC Chairman prior to competing in any race, except boats racing in the Wednesday Night Series Corinthian Class. Eligible boats may be entered by completing the Magothy River Race Entry Form included in this book. For entry deadlines specific to particular races or series, see the Special Sailing Instructions following in this book for those races or series. Send the signed special MRSA entry form plus fee (check payable to MRSA) to Bob Seay, 289 Stowaway Lane, Severna Park, MD 21146.

Notices to Competitors/Changes in Sailing Instructions

Notices to competitors will be published in the MRSA newsletter, *The Old Man* and on the MRSA Web Page (<http://mrsa.sailnet.com>.)

Schedule of Races

6th Wed. Evening Series	Sept. 8, 15	1805
Hallie Rice Frostbite Regatta	Oct. 10, 17, 31 Nov. 7, 14 SUNDAYS	1100

Race Committee Training

In an attempt to improve the quality of racing, a mandatory training clinic will be provided for all skippers who are asked to serve as Race Committee during the season. In addition all other racers are strongly encouraged to participate as well. The clinic will cover the basics of Race Committee performance including the mechanics of the starting sequence, course selection, and shortening course. Times and locations of training will be provided on the MRSA website, through general e-mailings, and in *The Old Man*. The Race Committee Schedule will be posted on the MRSA Web Page (<http://mrsa.sailnet.com>) and in *The Old Man*.

Class Splits

The Class Splits, unless otherwise noted in Sailing Instructions for specific events, will be:

Class	Class Ratings	Code Flag
PHRF A	Up to 119	9
PHRF B	119-154	6
PHRF C	155-202	Q
PHRF D	203 and up	7
PHRF NS1	Up to 176	5
PHRF NS2	177 and up	8
Corinthian	All	White

Should a need occur to modify the class splits during the season, ample notice will be given in *The Old Man* and on the MRSA Website.

Class racing code flags shall be displayed from the bow pulpit and the backstay or mizzen boom. It is the responsibility of each skipper to clearly identify his yacht and racing class while preparing to race and racing. A yacht may not be scored if conflicting symbols, duplications, or obscured flags confuse the Race Committee.

Racing Area

The racing area shall be the Magothy River as shown in the chart at the end of this section.

Courses

Courses shall be designated by letters displayed on the Race committee boat, the letters designating the location of the mark as indicated on the figure on page 33 of this book. Marks shall be rounded in the order displayed, from left to right or from top to bottom. Marks designated by RED letters or background shall be left to PORT. Marks designated by GREEN letters or background shall be left to STARBOARD. One circuit shall be sailed unless the course description is followed by a numeral (e.g. "2") that designates the number of laps. All channel markers shall be passed on the channel side. (Note: The Committee Boat will normally post the finishing mark of the course, regardless of the number of laps posted.) If the Committee Boat makes a change to the course after posting it, a code flag 'L' will be displayed.

Marks

In the Magothy River all permanent marks are Special Racing Marks or Buoys located in the general area portrayed in the chart at the end of this section. The compass courses and distances between marks are indicated in the table following the chart. Drop marks are inflatable marks dropped in suitable locations prior to the race.

VHF

The Race Committee shall at its option use VHF channel 72 prior to and during races held on the Magothy River. The Race Committee may call boats over early (OCS) at the start, on addition to calling out course changes and other appropriate communications. Boats may call the committee to report withdrawal, protest, and emergencies.

The Start

All races in the Wednesday Night Series, Ham Palmer, and Hallie Rice Frostbite series will be started in accordance with USSA, RRS Rule 26, except that an attention signal will be made 5 minutes before the first warning. The F shape will be displayed. Times shall be taken from the visual signals:

Starting signals for each class will be as follows:

Signal	Flag and sound	Minutes before start
Attention	F Flag; 1 long sound	10
	F Flag removed	6
Warning	Class flag; 1 sound	5
Preparatory	P, I, Z or black flag*; 1 sound	4
One-minute	Preparatory flag removed; 1 long sound	1
Starting	Class flag removed; 1 sound	0

*Note- I flag= RRS 30.1 round the ends rule; Z flag= RRS 30.2 20% penalty rule; Black flag= RRS 30.3 black flag rule.

The warning signal for each succeeding class shall be made with or after the starting signal of the preceding class.

If a delay in the starting sequence for a succeeding class will be longer than 15 minutes, then an attention signal will be used 10 minutes prior to the next start.

The starting line will be between the yellow flag on the Race committee boat and adjacent to permanent mark location "A", "C", "D", or other mark, at the Race Committee's discretion. The starting area for a drop mark course will be anywhere in the area roughly bounded by the permanent marks "A", "B", and "D". If conditions warrant, the Race Committee may drop a starting mark "U" to offer a preferred starting course.

Any “Limit Mark” or dinghy, or other marker astern of the Race committee boat shall be deemed a part of the Race committee boat. Do NOT pass between the Limit Mark and Race committee boat. If a yacht touches the Limit Mark or passes between the Limit Mark and the Race committee boat, she has touched a starting mark.

Boats whose warning signal has not been made shall keep clear of the starting area and of all boats whose warning signal has been made.

Change of Course After the Start

A change in course after the start will be limited to shortening the course. Shortened course will be signaled by the Race committee boat by displaying the “S” flag and two sound signals. If the “S” flag is displayed in conjunction with class flags, only those classes shown with the “S” flag shall sail the shortened course.

The Finish

The finish line will be between the yellow flag on the race committee boat and the adjacent mark of the course. Note: The USSA definition of Finish requires the boat to finish in the direction of the course from the last mark.

Time Limit

The time limit for each regatta will be specified in the regatta’s Special Sailing Instructions. At least one boat in a class must finish within the time limit. If no boat in that class finishes within the time limit, that race will be abandoned for that class. If one boat in a class finishes within the time limit, the remaining boats in that class must finish within the time limit or within thirty minutes corrected time of the first boat finishing in that class otherwise they will be scored DNF (Did Not Finish).

Protests

Protests shall be written on USSA/CBYRA protest forms (copies in front of the chart) and shall be hand-delivered to Protest Chairperson, no later than the day following the race, or shall be mailed and postmarked no later than the day following the race (two days for Saturday/Sunday races.) Protests shall conform to Part 5 of the racing rules, except that a pre-hearing is possible, in which case the involved parties will be contacted by the Rear Commodore or RC Chairman for possible mediation.

Protests will be heard at the place and time specified in the Special Racing Instructions for the particular race or series.

Scoring

The Low Point Scoring System, Appendix A4 of the racing rules will apply for a series unless modified in the Special Racing Instructions for the event.

Ties will be broken in accordance with Appendix A, US Sailing Rules 2001-2004

Each boat starting and finishing a race, and not thereafter retiring or being disqualified, will be scored points as follows:

PLACE	POINTS
First	1
Second	2
Third	3
Each Place Thereafter	Add 1 Point

Boats that started but did not finish will be scored points for that race equal to one plus the number of boats that finished that race. Boats that did not start and finish will be scored points equal to the *number of entries received by the last race of series* plus one for that race.

A score of DSQ (Disqualified) will not be used as a throw-out when computing the series score.

Penalty System

For any Part 2 infraction, Rules 44.1 through 44.4 shall apply. Rule 44.1 shall be modified to allow a 360° penalty turn for infractions that do not involve boat to boat contact and that do not occur within two boatlengths of a start / finish line or within the two-boat length circle of a rounding mark. Any boat causing serious damage to another shall retire. Rule 44.3 shall be modified to allow either a yellow flag or an “I” flag. The penalty as determined under Rule 44.3 c shall be six (6) places, but not worse than a score of DNC (Did Not Compete.)

A yacht that does not comply with Rules 44.1 through 44.4, but which acknowledges an infringement prior to having the protest hearing, shall be penalized six places, but not worse than a score of DNC (Did Not Compete).

Awards

Awards for first place will be awarded with at least 3 boats *entered* for an event. Second place trophies will be awarded with 5 boats *entered*. Third place trophies will be awarded with 7 or more boats *entered*. Fourth place trophies will be awarded with 11 or more boats *entered*. Fifth place trophies will be awarded with 15 or more boats *entered*.

Abandoned/Postponed Races

In the event of extreme weather conditions, the race committee may signal abandonment or postponement of the day’s race. This will be indicated either by hoisting Code flag “N” over “A” for abandonment or hoisting Code flag “AP” and three sound signals in succession for postponement. If the race committee does not attempt to go on station, the abandonment signal will be announced on the MRSA Website and via e-mail before the first scheduled start of the race. The abandonment will also be announced on VHF channel

72 starting at 30 minutes before the start and continuing at five-minute intervals until the start time. Abandoned races will not be rescheduled.

Race Results

Unofficial race results will be posted on the MRSA Web Page (<http://mrsa.sailnet.com>) as soon as practical after each race. Official results, i.e. following protest resolutions, will be published in the MRSA Newsletter, *The Old Man*, in addition to the Web Page. Any discrepancies in scoring should be noted by contacting the Race Committee Chairperson or the Scorer. Racers may request hard copy of a series result by mailing a request and a stamped self-addressed envelope to the Scorer. Kindly identify both class and yacht.

Ham Palmer Fun Regatta

Saturday, April 24, 2004

Entry Due Date: Thursday, April 22, 2004

Fee: \$10

Cruisers are strongly encouraged to come out and try racing in this relaxed format. If you wish to race, and do not have a PHRF rating, we will assign the base rating for your boat type. Anyone planning to do the Sock Burning cruise should come out and try racing. This regatta is intended to be a means for non-racers to experience the fun and challenge of racing. All participants are encouraged to be “forgiving” with regard to right-of-way rules especially when near new racers.

Contact Person:

Bob Seay
289 Stowaway Lane
Severna Park, MD 21146
410-647-9395

Rendezvous

1130 hours in the vicinity of RC which will be in the area bounded by marks ‘A’, ‘B’, and ‘D’.

Courses

The goal is to run two races. If a second race is to be run, code flag ‘2’ will be displayed at the conclusion of the first race. The courses will be designated as described in the General Sailing Instructions.

Signals

Target Time	Signal	Purpose		Sound
1130	L flag	Rendezvous		
1200	F flag hoisted	Attention-5 minutes to starting sequence for first race of the day		Gun
1205	9, 6, 7, or Q flags hoisted	Warning- 5 minutes to the start of Spinnaker Class (All Ratings)		Gun
1210	9, 6, 7 or Q flag lowered	Start Spinnaker Class	Warning- 5 minutes to start for Non-spinnaker Class (All Ratings)	Gun
	5 or 8 flags raised			
1215	5 or 8 flags lowered	Start Non-spinnaker class		Gun

The Attention signal for race 2 will be preceded by 1 sound signal approximately 1 minute prior to the beginning of the sequence.

Time Limit

2 hours per race. Boats not finishing within the time limit will be scored in accordance with the General Sailing Instructions.

Protests

THIS IS A “FUN” REGATTA. However, if you must protest, it shall be filed in accordance with the General Sailing Instructions and will be heard at a place and time to be announced.

Scoring

See General Sailing Instructions for Scoring of Series. There will be no throw out races. The RC will forward the results to Ed Tracey (or to the RC Chair) via Email (sailfastmd@comcast.net) by phone:410-975-0407) on the same day as the event.

Entries

This is an invitational series for members and invited guests of MRSA, PSA, CSCYC, and GIYS. One entry is accepted for all six series (22 races) for PHRF Classes A, B, C, D and NS1 and NS2. No partial entry fee is permitted. The Organized “trophy eligible” Corinthian Class is as follows; first half entry covering all races in the 2nd and 3rd series and second half entry for all races in the 4th and 5th series. Competitors may be asked by the Race Committee Chairperson to move from the Corinthian Class to one of the other classes if their performance deems this class inappropriate. Change of class will be accepted for a full series only by calling the MRSA Race Committee Chairperson before the first race of the series.

Rendezvous

1730 hours in the vicinity of mark A.

Courses

The courses will be designated as described in the General Sailing Instructions. If conditions warrant, the Race Committee has the option of setting a course to round Baltimore Light. Such a course will be designated by an “L” course board. Baltimore Light will be passed to the appropriate side as indicated by the course board color as prescribed in the General Sailing Instructions. Wind direction MUST be such that the course between the mouth of the river and Baltimore Light is not a fetch in order to use “L”.

Starting Sequence (Series 1- 5)

Target Time	Signal	Purpose		Sound
1730	L flag	Rendezvous		
1805	F flag hoisted	Attention-5 minutes to starting sequence		Gun
1810	9 flag hoisted	Warning- 5 minutes to the start of PHRF A		Gun

	White flag raised			
1845	White flag lowered	Start Corinthian		Gun

*Note- Per the General Sailing Instructions and USSA RR26, I, Z, or the Black flag may be used instead of P with the appropriate rules applying for said flags.

Corinthian Fleet racing starts with Series 2 and ends with Series 5.

Sixth Series Classes Starting Sequence

For the sixth series, the class splits and order of start will be as follows:

Target Time	Signal	Purpose		Sound
1730	L	Rendezvous		
1805	F flag hoisted	Attention- 5 minutes to starting sequence		Gun
1810	9 & 6 flags hoisted	Warning- 5 minutes to the start of PHRF S1 (Ratings to 154)		Gun
1815	9 & 6 flag lowered Q & 7 flags raised	Start PHRF S1	Warning- 5 minutes to start for PHRF S2 (Rating 155 and up)	Gun
1820	Q & 7 flags lowered Pink flag raised	Start PHRF S2	Warning- 5 minutes to start for Female Skipper Class (All)	Gun
1825	Pink flag lowered 5 & 8 flags raised	Start Female Skipper Class	Warning- 5 minutes to start for PHRF N (All)	Gun
1830	5 & 8 flags lowered	Start PHRF N		Gun

*Note- Per the General Sailing Instructions and USSA RR26, I, Z, or the Black flag may be used instead of P with the appropriate rules applying for said flags.

Scoring

Scoring shall be by the series scoring method in the General Sailing Instructions with the following exceptions:

If four or more races are sailed in the series, the boat's highest score will be dropped in computing the score for the series. However, a score of DSQ may never be dropped.

If a boat performs Race Committee duty for one race of the series, her score for that race shall be the average of her scores for the remaining races in that series. Her highest score will then be dropped (if there are at least four races in the series) to compute the series score. A boat may only do Race Committee duty for one race of a series and still be qualified for that series.

The RC will forward results to Ed Tracey (or RC Chair) via E-mail (sailfastmd@comcast.net) or phone (410-975-0407) same day as event.

Protests

Protests shall be file in accordance with the General Sailing Instructions and hand delivered or postmarked no later than 24 hrs. following the race.

Special Awards

In addition to the standard awards listed in the General Sailing Instructions, the following Special Awards will be presented for the Wednesday Night Series:

Best in Fleet: An award will be given for the best boat in each class for the season. The 20 races of the five regular series will be scored using the Low Point System. Each boat will be allowed three throw outs. DSQs will not be dropped.

Magothy Cup: The Magothy Cup will be awarded to one spinnaker and one non-spinnaker yacht based on the criteria above. The Magothy Cup is a perpetual trophy sponsored by the Magothy Marina.

Social

There will be a social event after the fourth race of Series 2 and 4. See ***The Old Man*** for details. The end-of-season Trophy Party will be held at the Gibson Island Boat House on Wednesday, September 29, at 1830. Details will be published in ***The Old Man***.

I agree to abide by the regulations and sailing instructions for these events. In consideration of being permitted to enter these events, being knowledgeable of the risks of competitive sailing and knowing that it is my sole responsibility to decide whether to enter or to continue any race, I voluntarily assume the risk of participation in this event and release the Host Clubs MRSA, GIYS, PSA and YCCSC and the people conducting the event from all liability in connection with any injury or damage that may occur.

I recognize the continuing need for individuals, participating in the Bay-area racing program, to make themselves available for the management of MRSA-sponsored races. I also recognize the need for proper race management training for those individuals who have never been involved in this aspect of racing. Therefore, I agree to make myself available, when called upon, and to serve as a Primary Race Committee official, either for a Bay or Magothy River race, or serve as a Race Committee crewmember for training purposes and assist in the management of a race. I understand that failure to do so, when asked, shall jeopardize my continued participation in MRSA-sponsored race events without refund of any monies paid.

Junior Training Program

As a part of MRSA's promotion of excellence in sailing we are committed to the education and training of our junior sailors. The primary venue for MRSA sail training is a two-week camp focusing on both off water instruction and on water experience. Our location for the camp is The Grachur Club, located off Lake Shore Road in Pasadena, Maryland. Students will be taught using the approved USSA/CBYRA training program. MRSA uses prams, 420's and other small sailboats in this program.

Young sailors from 9 to 16 years old are invited to participate. No prior experience, other than swimming ability, is necessary. A mandatory swim test must be passed prior to any sailing. In the event the swim test is not given prior to the start of camp, it will be administered on the first day. This year the program will run from June 21st through July 2nd, at 0830 hours and finishing at 1600 each of these 10 days.

While the program is open to both members and non-members, preference is shown first to member families with children and grandchildren returning to the program, then MRSA/Grachur Club members with children new to the program, and finally non-members, with applications in each category, evaluated in the order received. Established member families will be shown priority until April 20th, then new member families will be considered until May 1st, at which time all applicants will be considered with the same priority. An application appears in this **RED BOOK**. The application form will also be posted on the MRSA Web Page at <http://mrsa.sailnet.com>. In the past years, the junior training program has often filled quickly with member families, so early application is recommended for all categories.

Because MRSA is a VOLUNTEER club, we rely heavily on parents for assistance in boat maintenance, daily supervision, and the graduation picnic. You will be expected to participate in some way in each of these activities, and are asked to indicate your availability on the Junior Training application. With this support we are able to provide an outstanding educational and fun activity for our youth.

We also hope to participate in other local Laser and 420 events on the river depending on interest, and will publicize these events in **The Old Man**. Junior Training is a key part of the MRSA mission and we look forward to another successful year in 2004. If there are members who would like to volunteer or assist with any of these activities, or to donate the use of a chase boat or sailing dinghy, whether you have youth in the program or not, please contact Rich Hughes (410-757-6081, fantastc@comcast.net) or Sue Kirkendall (410-437-3630, alkirkendall@cs.com).

PARENTAL ASSISTANCE:

Parental assistance is an integral requirement for the success of our Junior Training Program. We try to have three parent/supervisors per day, or approximately one day of parent attendance per student. Please circle preferred date/s for supervision and assistance. We will try to accommodate your requested dates whenever possible.

Parental assistance is also requested for boat preparation prior to the start of the camp as well as cookout activities and camp cleanup on the last day of camp. Boat preparation dates will occur on weekends and will be announced as they are scheduled.
